1. Geographic information about Kosovo

The Republic of Kosovo has an area of 10 905.25 km², located on the south-eastern Europe, bordering Albania in south-west, Montenegro in northwest, Serbia to the north-east and Macedonia to south.

The territory lies within the geographic latitude 41° 51' and 43° 16', and geographic longitude 19° 59' and 21° 47'.

The territory of the Republic of Kosovo is characterized by different heights above sea level. The lowest point of Kosovo is located in the valley of the river Drini i Bardhë on the border with Albania and reaches up to 270 m above sea level, the higher point is in western Kosovo in Gjeravica - 2.656 m.

In hydrographic terms, Kosovo is divided into river basins: the Drini i Bardhë, Ibri, Morava Binqës and Lepeneci. Kosovo river's flows into three sea basins: the Black Sea, Adriatic Sea and the Aegean Sea.

Climate of the Republic of Kosovo in the most part is continental, resulting in warm summers and cold winters, with Mediterranean and continental influences (average temperature within the country range from +30° C in summer, at -10° C in winter). However, due to unequal elevations in certain parts of the country, there are changes in temperature and rainfall distribution.

Administrative division of Kosovo

Currently there are 38 municipalities with 1,469 settlements organized by the laws of the country.

12. Prices

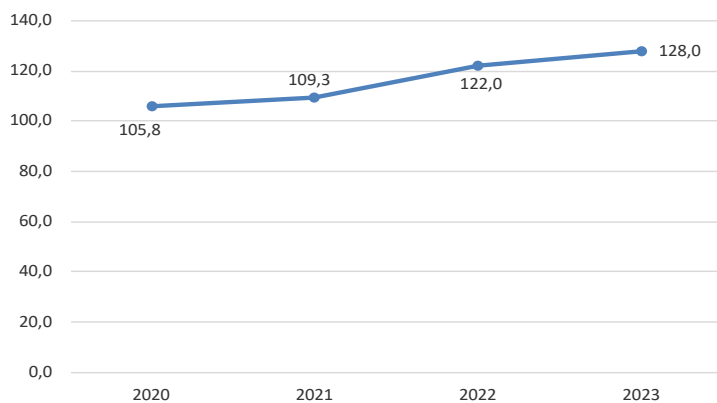

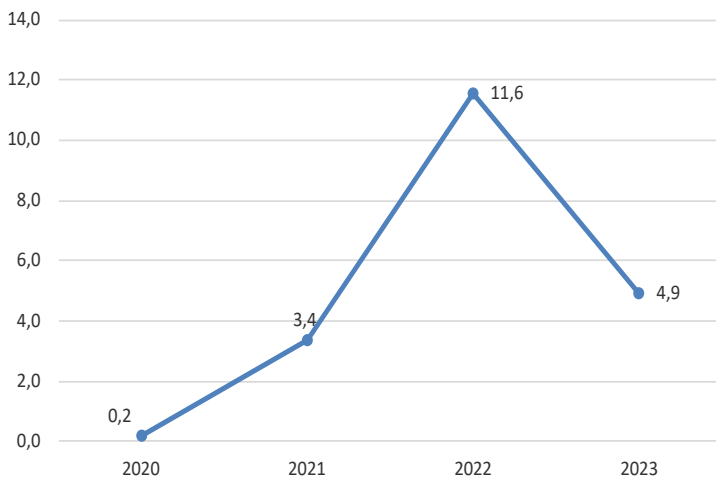

CPI or HICP is a relative indicator that presents the dynamics of change or movement of retail prices for most representative items and services consumed by households in the period of time, involved in groups and subgroups, classified according to international nomenclature called COICOP (Classification of individual consumption by purpose).

CPI or HICP is a statistical parameter or Cost of Living Index considered as a parameter for measuring inflation, and contains time series for price indices for 2020, 2023 with advanced progress.

Kosovo Agency of Statistics:

Short description

The Kosovo Agency of Statistics is a professional institution that has been operating since 1948 and has gone through several historical stages, structured according to the state regulation of that time. On August 2, 1999, the Agency resumed professional work as an independent within the Ministry of Public Administration. The Agency is financed by the Consolidated Budget of Kosovo and by donors for special projects.

The Kosovo Agency of Statistics operates according to Law No. 04/L-036 which entered into force on 12.12.2011. The 2009-2013 strategic development plan is in mid-term implementation for the development of the statistical system in correlation with the Statistics of the European Union (EUROSTAT).

The Agency's Mission is to fulfill the needs of users with objective statistical data and regular analyzes in order to support government departments, provide appropriate information for decision-makers, and other users in Kosovo.
